Grading Permit Questionnaire

BPC-017

Purpose: This form is used to determine if your project requires a grading permit in addition to a building permit. Grading is defined in Appendix Chapter 33 of the 2001 California Building Code (CBC) as "any excavating or filling or combination thereof." Grading can take the form of excavating and/or filling for foundations of structures, driveway construction and modification of topography. No person shall commence any grading without first having obtained a grading permit unless exempt as determined by the Permit and Resource Management Department (PRMD).

To determine if your project requires a grading permit, please answer the following questions. If you are unable to answer any questions, you should contact your design professional for assistance and/or consult with a PRMD plans examiner. **Incorrect answers may cause delays processing and/or issuing the permit(s) for your project.**

- ☐ Yes ☒ No ☐ Unknown 1. Does the project include a fill of 6 inches or more within the Flood Prone Urban Area? See map on reverse side of this form for the location of the Flood Prone Urban Area.
- ☐ Yes ☒ No ☐ Unknown 2. Does the project include a fill 1 foot or more in depth **and** placed on natural terrain with a slope steeper than 1 unit vertical in 5 units horizontal?
- ☐ Yes ☒ No ☐ Unknown 3. Does the project include a fill 3 feet or more in depth?
- ☐ Yes ☒ No ☐ Unknown 4. Does the project include an excavation that (1) is 2 feet or more in depth **or** (2) creates a cut slope greater than 5 feet in height and steeper than 1 unit vertical in 1 ½ units horizontal that is not an excavation below finished grade for a basement, footing, retaining wall or other structure authorized by a valid building permit?
- ☐ Yes ☒ No ☐ Unknown 5. Does the project include a fill that is intended to support structures?
- ☐ Yes ☒ No ☐ Unknown 6. Does the project include a fill that exceeds 50 cubic yards on any one lot?
- ☐ Yes ☒ No ☐ Unknown 7. Does the project include the construction of a driveway that exceeds 122 feet in length?
- ☐ Yes ☒ No ☐ Unknown 8. Does the project include an excavation or fill that alters or obstructs a drainage course?

Acknowledgment:

I, as the applicant, understand that a "Yes" answer to **any** of the above questions means that a grading permit is required and shall be obtained before issuance of a building permit for the site. If any answers are "Unknown" to me, I should contact my design professional immediately to determine if a grading permit is required.
