Refunds are regulated by the California Building Code (CBC) which reads: "Under Section 107.6, CBC, the building official may authorize refunding of not more than 80 percent of the plan review fee paid when an application is withdrawn or canceled before any plan reviewing is done. The building official may authorize refunding of not more than 80 percent of the permit fee paid when no work has been done under the permit. There shall be no refunding of any fee paid except on written application filed by the original permittee not later than 180 days after the date of fee payment!

DEC 1 3 2005

When validated below, this is your receipt. Plan Check EXPIRES 365 days from date plan check fees are paid.

PEHMIT AND RESOURCE MANAGEMENT DEPARTMENT COUNTY OF SONOMA

^{**}These fees cover the cost of reviewing your plans prior to permit issuance. When your plans are approved, and BEFORE a building permit can be issued. payment of building permit fees is required.

175 WATT

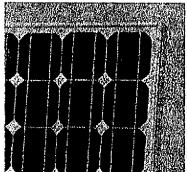

HIGH POWER. HIGH EFFICIENCY.

SINGLE CRYSTAL SILICON PHOTOVOLTAIC MODULE WITH 175W MAXIMUM POWER

This single crystal 175 watt module features 16.2% encapsulated cell efficiency and 13.45% module efficiency. Using breakthrough technology perfected by Sharp's nearly 45 years of research and development, these modules use a textured cell surface to reduce reflection of sunlight, and BSF (Black Surface Field) structure to improve conversion efficiency. An anti-reflective coating provides a uniform blue color and increases the absorption of light in all weather conditions. Common applications include office buildings, cabins, solar power stations, solar villages, radio relay stations, beacons, and traffic lights. Ideal for grid-connected systems and designed to withstand rigorous; operating conditions, Sharp's NT-175U1 modules offer the maximum usable

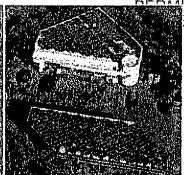

JUL 2 9 2005

T AND RESOUL MENT DEPART

power per square foot of solar array.

Solder-coated grid results in high fill factor performance under law light conditions.

Sharp multi-purpose modules offer industry-leading performance for a variety of applications.
