Subject: Well Permit Application – Request to relocate (not drilled yet)

Dear Mary,

On April 24, 2020, you approved well permit #WEL-20-0105, then on May 7th, the Owner requested a change of location which I submitted to the County site for this permit. The owner has requested to change the site again. The attached maps show the new location. Please disregard the relocate request I sent to you on May 7 and consider the attached for review and approval. We did not drill at the original approved site.

I apologize for any confusion. Please let me know if you have any questions.

I can be reached at 707-823-3891, or info@fischbrodrilling if there are further questions.

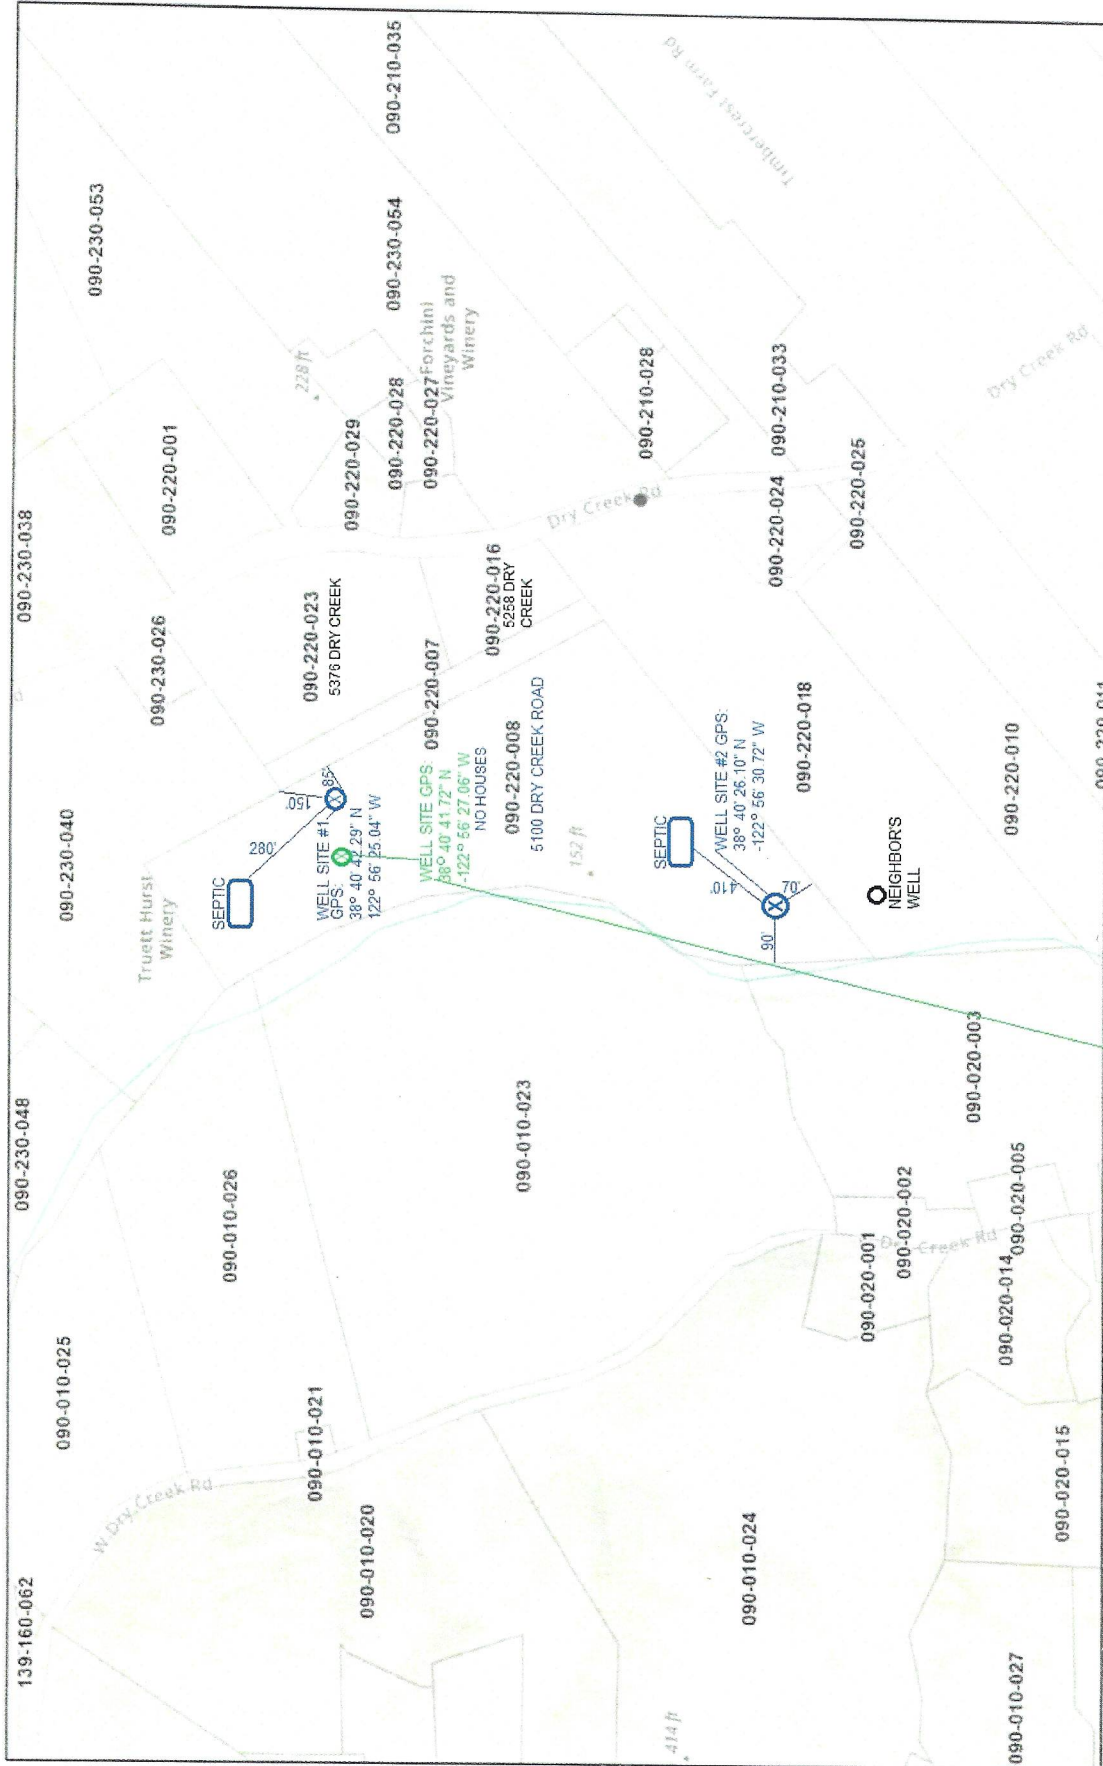

Sincerely,

Joanne Clark
