Re: Plan Check Resubmittal for Michalak Renovation BLD21-1229

In response to your email on 4/19/21 to Nicole Zieff, who submitted plans on the referenced project for Mercieri Construction, I have the following responses:

- The application was always an addition remodel as stated on the cover sheet. The scope has never changed.
- Title 24 and CalGreen were always a part of the plan set. Refer to the list of drawings on the Cover Sheet G-001.
- The site plan has now been revised to show the septic tank, as well as the leach lines. Refer to Sheet 1 directly after the Cover Sheet.
- The scope of work showing existing area and added area has always been indicated in the Project Data which is shown on the Cover Sheet.

Should you require any additional information or clarification, please do not hesitate to reach out to me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael Gould', with a stylized, flowing script.

Michael Gould AIA, LEED AP BD+C
