Subject: FW: Cazadero Performing Arts Pool

Hi Matt,

See the note below from Environmental Health. They will allow the pool to open as soon as the Building Department gives approval. I will print this email and upload it to our Permit Application File online.

I've requested the original drawings from Barrett. I do not have those.

Thank you,
Emily

Hi All,

Thanks for meeting with me today. Attached is the final inspection report for Cazadero's pool and labeled construction photos.

Tim and Josh, please review attached labeled photos and confirm they are accurate to be added with submitted as-built.

Environmental Health has completed the final inspection and pool (plus enclosure) meets the requirements to be in operation, **however** the only item that remains is Building Department approval before Environmental Health will officially allow pool to open. Therefore, provide proof of Building Department approval. Pool is to remain closed until written approval is obtained from this department.

Feel free to reach out with any questions.

Thank you,

Hi Josh and Tim,

I have scheduled a final inspection with Jim for Monday (8/19) at 10am at the camp to move forward with this project. I will be checking water chemistry, work completed, and reviewing submitted as-built on site. Please provide an update on the status with PRMD for I will not be able to open this pool without approval from the Building Department. Herb's Pool Service is encouraged to attend this scheduled inspection on Monday.

Thank you,

Hi Barrett,

Tim did not get a chance to sign the plans stating that all work was done in accordance with Title 24 before he left for vacation yesterday. I will have him sign them on Monday and get them to you. I have sent an email to Aris to touch base.

Thank you,

Josh Thompson

Thanks for the update Josh.

I spoke with Aris Knoles, PRMD Supervisor. He explained a concealed construction verification form would need to be turned into PRMD to proceed with a building permit. Please touch base PRMD for all their requirements.

Hello Barrett,

As-built plans will be dropped off at your office sometime today. Tim is working on the photos. PRMD typically does not accept plans from us unless an approved set from Environmental Health is included. Whom have you spoken to at PRMD about this matter, perhaps they have a suggestion on how I should proceed.

Thank you,

Josh Thompson

Hi Josh and Tim,

Can you please provide an update on the status of Cazadero's Performing Arts Camp pool. I have not received an as-built or labeled photos. Also, has a permit been pulled with PRMD?

Thank you,
