Tai:

I hope that you and your family are doing well!

While cleaning up plan checks, we came across SEP18-0765, 6501 Orchard Station Rd, for a Class 2 septic system. On March 4, 2019, Tuan Huynh noted that the application was ready to issue pending Planning Approval. Due to COVID and the lockdown early 2020, this project fell through the cracks, so to speak. Our question is if your client, Barbara Egger, is still interested in going through with the project. Please let us know either way, so that we can correct our records. Thank you!

Sincerely,

Suzanne Grant

Senior Office Assistant

Engineering & Water Resource Division - Well & Septic Division

County of Sonoma Permit & Resource Management Department

☎ (707)565-1694
