**NOTICE OF AVAILABILITY
of a Final Environmental Impact Report
and Notice of Virtual Public Hearing**

Project Title: Sonoma Developmental Center Specific Plan

Project Proponent: County of Sonoma

Project Location: Sonoma Developmental Center, 15000 Arnold Drive, Sonoma, CA, as described below

Hearing Date: October 27, 2022

Hearing Time: 1:05pm

Hearing Body: Sonoma County Planning Commission

Hearing Location: Online. Visit <https://sonomacounty.ca.gov/Planning-Agency/Full-Calendar/> for details.

The Sonoma County Permit and Resource Management Department (Permit Sonoma) has prepared a Final Program Environmental Impact Report (FEIR) for the adoption of the Sonoma Developmental Center (SDC) Specific Plan. The County is the lead agency under the California Environmental Quality Act (CEQA) for the project. The intent of this Notice of Availability (NOA) is to notify interested parties that the FEIR is available for public review and comment. The Final EIR consists of (1) Revisions to the Draft EIR text, and (2) Responses to comments received during the public comment period on the Draft EIR.

Project Location: SDC is located in the heart of the Sonoma Valley region of southern Sonoma County, about six miles north of the City of Sonoma and about 15 miles south of Santa Rosa, near the unincorporated communities of Glen Ellen and Eldridge.

Project Description: The Project includes all SDC property, encompassing approximately 945 acres, or about 1.5 square miles, which includes a developed Core Campus covering approximately 180 acres, the surrounding approximately 755 acres of contiguous open space, and the 11-acre, non-contiguous Camp Via grounds within Jack London State Historic Park. The Project proposes to reduce the existing developed Core Campus for redevelopment of up to 1,000 units of various housing types and 410,000 square feet of non-residential use (170,000 square feet of new non-residential use and 240,000 square feet of adaptive reuse of existing buildings) to accommodate 940 jobs. The Plan proposes policies, design guidelines and development standards, as well as updated zoning designations to implement the Plan. Adoption of the Plan requires certification of the Final EIR, amendments to the General Plan, and changes to the Zoning Code by the Sonoma County Board of Supervisors.

Potential Environmental Effects of the Project: The FEIR finds that implementation of the project could result in significant and unavoidable impacts related to historic resources and transportation. Impacts in all other areas were found to be less than significant. The FEIR provides a detailed project description, an analysis of physical environmental effects of the project, and an identification of feasible mitigation measures and alternatives that would avoid or lessen the severity of project impacts. Additionally, the

report includes responses to comments submitted during the public comment period while the Draft EIR was in circulation.

Availability of the Final Program EIR and Specific Plan: The FEIR and all documents referenced therein are available for review at this website <https://sdcspecificplan.com>. A physical copy of the FEIR is available at the Sonoma Valley Regional Library, 755 W Napa St, Sonoma, CA 95476 or Permit Sonoma, 2550 Ventura Ave, Santa Rosa, CA 95403. Electronic versions on flash drives or printed copies may be mailed upon request, at cost. To arrange payment and request a flash drive or printed copy of the Final EIR or any of the documents referenced therein, email engage@sdcspecificplan.com.

Public Hearing on Final EIR and Specific Plan: The Sonoma County Planning Commission will hold a virtual public hearing on **Thursday, October 27, 2022 at 1:05 p.m.** The Planning Commission will hold a public hearing on the Final EIR and Specific Plan to consider making recommendations to the Board of Supervisors. Additionally, the Planning Commission will consider zoning code changes and general plan amendments to the maps and policies of the Land Use Element and other elements as needed to ensure internal and vertical consistency with the Specific Plan.

Please submit written comments by 5:00 p.m. on October 26:

- Email: engage@sdcspecificplan.com
- Fax: (707) 565-1103
- Mail: Brian Oh - Comprehensive Planning, Permit Sonoma, 2550 Ventura Avenue, Santa Rosa, California 95403

For comments submitted via email, please include “Final EIR and Specific Plan Comments: SDC Specific Plan” in the subject line and the name and physical address of the commenter in the body of the email.

In accordance with Executive Orders N-25-20, N-29-20, and N-33-20 the meeting will be conducted via videoconference only without a physical location from which members of the public may observe and offer public comment. Members of the public may watch, listen, and participate in the hearing through Zoom or by phone.

Members of the public who join the Zoom meeting, either through the Zoom app or by telephone, will have an opportunity to provide live comments during the hearing. Please refer to the meeting agenda for instructions on how to join the meeting via the Zoom app or by telephone. The agenda will be posted one week prior to the hearing date located: <https://sonomacounty.ca.gov/Planning-Agency/Full-Calendar/>

Please bill this one to PRMD. Sorry I didn't mention that initially.

Thanks so much!

Subject: Request to hold 1/8 page Ad spot for Monday, October 17 (Sonoma Developmental Center Meeting)

Hi Stefanie,

Can you please hold a spot as a 1/8 page Ad for Monday, October 17, 2022? The notice is ready and we are just doing a final edit, but it may not be finalized until slightly after 10am today. Does that work for you?

Let me know if this is possible and if you have any questions.

Thanks so much!

**NOTICE OF AVAILABILITY
of a Final Environmental Impact Report
and Notice of Virtual Public Hearing**

Deva Marie Proto, County Clerk
BY: 
Julianna Garfia, Deputy Clerk

Project Title: Sonoma Developmental Center Specific Plan

Project Proponent: County of Sonoma

Project Location: Sonoma Developmental Center, 15000 Arnold Drive, Sonoma, CA, as described below

Hearing Date: October 27, 2022

Hearing Time: 1:05pm

Hearing Body: Sonoma County Planning Commission

Hearing Location: Online. Visit <https://sonomacounty.ca.gov/Planning-Agency/Full-Calendar/> for details.

The Sonoma County Permit and Resource Management Department (Permit Sonoma) has prepared a Final Program Environmental Impact Report (FEIR) for the adoption of the Sonoma Developmental Center (SDC) Specific Plan. The County is the lead agency under the California Environmental Quality Act (CEQA) for the project. The intent of this Notice of Availability (NOA) is to notify interested parties that the FEIR is available for public review and comment. The Final EIR consists of (1) Revisions to the Draft EIR text, and (2) Responses to comments received during the public comment period on the Draft EIR.

Project Location: SDC is located in the heart of the Sonoma Valley region of southern Sonoma County, about six miles north of the City of Sonoma and about 15 miles south of Santa Rosa, near the unincorporated communities of Glen Ellen and Eldridge.

Project Description: The Project includes all SDC property, encompassing approximately 945 acres, or about 1.5 square miles, which includes a developed Core Campus covering approximately 180 acres, the surrounding approximately 755 acres of contiguous open space, and the 11-acre, non-contiguous Camp Via grounds within Jack London State Historic Park. The Project proposes to reduce the existing developed Core Campus for redevelopment of up to 1,000 units of various housing types and 410,000 square feet of non-residential use (170,000 square feet of new non-residential use and 240,000 square feet of adaptive reuse of existing buildings) to accommodate 940 jobs. The Plan proposes policies, design guidelines and development standards, as well as updated zoning designations to implement the Plan. Adoption of the Plan requires certification of the Final EIR, amendments to the General Plan, and changes to the Zoning Code by the Sonoma County Board of Supervisors.

Potential Environmental Effects of the Project: The FEIR finds that implementation of the project could result in significant and unavoidable impacts related to historic resources and transportation. Impacts in all other areas were found to be less than significant. The FEIR provides a detailed project description, an analysis of physical environmental effects of the project, and an identification of feasible mitigation measures and alternatives that would avoid or lessen the severity of project impacts. Additionally, the

report includes responses to comments submitted during the public comment period while the Draft EIR was in circulation.

Availability of the Final Program EIR and Specific Plan: The FEIR and all documents referenced therein are available for review at this website <https://sdcspecificplan.com>. A physical copy of the FEIR is available at the Sonoma Valley Regional Library, 755 W Napa St, Sonoma, CA 95476 or Permit Sonoma, 2550 Ventura Ave, Santa Rosa, CA 95403. Electronic versions on flash drives or printed copies may be mailed upon request, at cost. To arrange payment and request a flash drive or printed copy of the Final EIR or any of the documents referenced therein, email engage@sdcspecificplan.com.

Public Hearing on Final EIR and Specific Plan: The Sonoma County Planning Commission will hold a virtual public hearing on **Thursday, October 27, 2022 at 1:05 p.m.** The Planning Commission will hold a public hearing on the Final EIR and Specific Plan to consider making recommendations to the Board of Supervisors. Additionally, the Planning Commission will consider zoning code changes and general plan amendments to the maps and policies of the Land Use Element and other elements as needed to ensure internal and vertical consistency with the Specific Plan.

Please submit written comments by 5:00 p.m. on October 26:

- Email: engage@sdcspecificplan.com
- Fax: (707) 565-1103
- Mail: Brian Oh - Comprehensive Planning, Permit Sonoma, 2550 Ventura Avenue, Santa Rosa, California 95403

For comments submitted via email, please include "Final EIR and Specific Plan Comments: SDC Specific Plan" in the subject line and the name and physical address of the commenter in the body of the email.

In accordance with Executive Orders N-25-20, N-29-20, and N-33-20 the meeting will be conducted via videoconference only without a physical location from which members of the public may observe and offer public comment. Members of the public may watch, listen, and participate in the hearing through Zoom or by phone.

Members of the public who join the Zoom meeting, either through the Zoom app or by telephone, will have an opportunity to provide live comments during the hearing. Please refer to the meeting agenda for instructions on how to join the meeting via the Zoom app or by telephone. The agenda will be posted one week prior to the hearing date located: <https://sonomacounty.ca.gov/Planning-Agency/Full-Calendar/>

Your project is published and is available for review. Please note the review 'start' and 'end' period.

You can use the "navigation" and select "published document" to view your project and any attachments on CEQAnet.

Closing Letters: The State Clearinghouse (SCH) would like to inform you that at this time, our office has transitioned from providing close of review period acknowledgement on your CEQA environmental document. During the phase of not receiving notice on the close of review period, comments submitted by state agencies at the close of review period (and after) are available on CEQAnet.

Please visit: <https://ceqanet.opr.ca.gov/Search/Advanced>

- Type in the SCH# of your project
 - If filtering by "Lead Agency"
 - Select the correct project
 - Only State Agency comments will be available in the "attachments" section. Note: Refer to the bold and highlighted agencies.
