Thank you for submitting your application on November 28, 2022, for a Hosted Rental of one bedroom within a Single Family Dwelling on a 0.31 acre parcel zoned Low Density Residential.

Your project has been assigned to me for processing. After reviewing your submitted materials, you will receive an email indicating whether Permit Sonoma has deemed your application complete and ready for processing. If additional materials are needed, I will send an itemized list of specific requirements to deem the project complete; I will also notify you of the environmental review that may be required for your project. Please be aware that additional information may be needed to complete your environmental review or to address any issues that are identified during processing.

To ensure efficient processing send all application materials electronically. These can be in the form of PDFs or Microsoft Word files. They can be sent as attachments or links to cloud servers via email or you can mail a flash drive to the address below. Please indicate your file number THR22-0043 when emailing materials.

If you have any questions, contact me via email at Christina.Hernandez@sonoma-county.org or at (707) 565-7383 regarding your application. Please refer to your file number THR22-0043 when making inquiries. Our goal is to return voicemail messages/emails before the end of the next business day. You may also check the status of your application online using Accela Citizens Access, Permit Sonoma's online planning permit tool: sonomacounty.ca.gov/PermitSonoma/PlanningSearch

I look forward to working with you on this application.

Sincerely,
Christina Hernandez
Project Planner
