

**EXPEDITED PLAN REVIEW REQUEST**

**CSS-030**

As the property owner of this subject parcel, I am requesting and I agree to pay fees at the hourly over-time rate (1 ½) to expedite the plan review and permit issuance of the subject permit. I understand the hourly overtime rate is in addition to the typical plan review fees and the overtime fees will be due at permit issuance.

I understand my project will be added to an overtime queue and that staff will plan review my project on an overtime basis. I understand the expedited review is subject to availability of staff.
