This is a courtesy notice to inform you that your Building Permit With Plan Check is due to expire on Monday, March 6, 2023.

Pursuant to Sonoma County Code, permits expire three (3) years from the date of issuance, with exceptions for permits to address violations and permit types which have been granted an additional two (2) years due to the Covid pandemic.

If work authorized under this permit has already been completed, you need to call for an inspection so the permit can be finaled. You can call our Automated Inspection Request System at (707) 565-3551 to schedule an inspection.

If you have not completed the work authorized by this permit, you have the following options:

1. Complete all work and receive final inspection approval prior to the expiration; or
2. Obtain a new permit for the portion of the work that has not been previously inspected and approved and will not be completed by the expiration date.

If the project is not inspected and finaled by the above expiration date, PRMD will expire the subject permit. Upon expiration of the permit, no further work or inspection may occur on the project until a new permit is obtained.

If you have any questions regarding this matter, please call us at (707) 565-1900 or send an email to PermitSonoma@sonoma-county.org.

Thank you,

Building Clerical Staff
